This one is for all my teachers who carefully taught me.
It's taken years for me to finally hear some of your wise lessons.
I'm especially thinking of Dr. Aaron Bell, Dr. Billy Taylor and Henry Butler.

Thanks to "the cats" (Dom and Nat)
for all the illuminating times we've shared on the bandstand
and to the elephant ears of Matthias, Lorenzo and Bryan
for making this recording sound so beautiful.
Tremendous gratitude to Rog for being in my corner
and to Greg at Blujazz for sharing the vision.
Applause to my audiences who always show me what's what.
Love always to Yvie and Max, and Amber too.
