Guitarist, composer, bandleader, and recording engineer **HENRY ROBINETT** is releasing *JAZZ STANDARDS, VOLUME 2: THEN AGAIN*, the follow-up to his critically acclaimed 2020 release *Jazz Standards, Volume 1: Then.*

Known for his modern, eclectic sound that melds World music with electric jazz, the Jazz Standards sessions are a departure for Robinett.

He recorded both volumes 20 years ago, during a period when he was in between albums and bands. With some rare free time, he decided to bring together a few of the top artists from Northern California for an impromptu recording session. With Robinett calling the tunes, this group of swinging improvisers recorded enough music for both albums in just two days.

On JAZZ STANDARDS, VOLUME 2: THEN AGAIN, Robinett's guitar work is swinging and accessible. Rather than focusing on his considerable chops, he approaches a tune not unlike a vocalist, emphasizing the melody while adding colors through his phrasing and harmonic choices.
